Prob001

Program Name: prob001.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input

No input whatsoever is provided for print-out problems.

Output

The ascii art as shown below.

Example Input File

```
[]
[]
[]
```
01234 – do not include

Example Output to Screen

```
[]
[]
[]
```

Prob002

Program Name: prob002.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob003

Program Name: prob003.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob004

Program Name: prob004.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
```
01234 – do not include

Example Output to Screen
```
[]
[]
[]
```

Prob005

Program Name: prob005.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob006

Program Name: prob006.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob007

Program Name: prob007.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob008

Program Name: prob008.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob009

Program Name: prob009.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[ ]
[ ]
[ ]
01234 – do not include
```

**Example Output to Screen**
```
[ ]
[ ]
[ ]
```

Prob010

Program Name: prob010.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 - do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob011

Program Name: prob011.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob012

Program Name: prob012.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[ ]
[ ]
[ ]
01234 - do not include
```

Example Output to Screen
```
[ ]
[ ]
[ ]
```

Prob013

Program Name: prob013.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob014

Program Name: prob014.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```

Prob015

Program Name: prob015.java

Welcome to UIL CS prep! This is a practice problem for print-out problems. Print-out problems happen to be the first problem of most programming packets, and they are super simple and easy! Some can be a bit tedious though…

Input
No input whatsoever is provided for print-out problems.

Output
The ascii art as shown below.

Example Input File
```
[]
[]
[]
01234 – do not include
```

Example Output to Screen
```
[]
[]
[]
```
